REPECHAGE: (2)

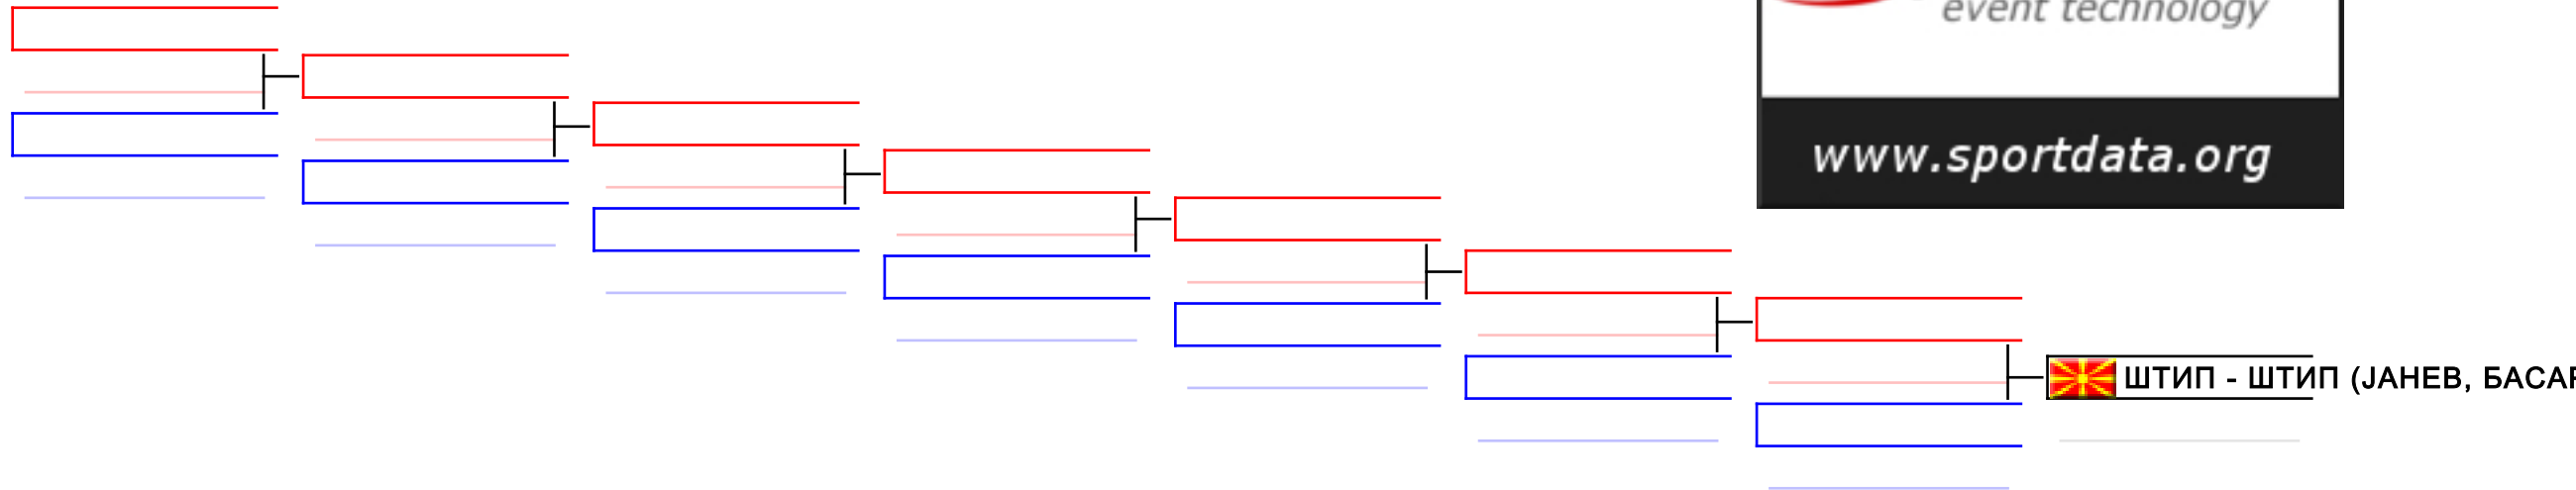

Referees:

The diagram illustrates a sequence of 10 steps in a process flow, arranged in a descending staircase pattern from left to right. Each step is represented by a horizontal rectangle. The colors of the rectangles alternate: red, blue, red, blue, red, blue, red, blue, red, and finally black. The rectangles are connected by lines, indicating a sequential flow. The first step is red, followed by a blue step, then a red step, and so on, alternating colors. The final step is black. The diagram is set against a background of horizontal lines in red, blue, and black, which correspond to the colors of the steps.
